

## One Little Dragonfly

They swoop, they glide, they flutter and fly! Toddlers and parents alike will be delighted by the beautiful finger puppet that comes with each of these easy-to-hold board books. A soft monarch butterfly with iridescent orange wings and a shiny purple dragonfly with shimmering green wings can be brought magically to life by a child or a parent, to act out the story as its read aloud. Bright collage artwork inside also accompanies the rhyming verses in each book.
