

## Bloom! A Little Book About Finding Love

Bloom isn't interested in playing in messy mud puddles with other pigs. She'd rather galavant among pretty flowers. Bloom LOVES flowers and other pretty things. She also likes attention. And when a beautiful butterfly, a flying flower wafts by, she falls head over heels in love. But she soon learns that attraction is fleeting, and friendship brings a deeper, more satisfying love. Maria Van Lieshout deftly, gently portrays the true meaning of love and friendship in story and pictures that are perfect for readers of all ages. Bloom! is a 2008 Bank Street - Best Childrens Book of the Year.
