

Let Your Mortgage Make You Rich!

Rules of the lending game exposed: You can use your house to pay for your house; its legal and it will save you a fortune! Let Your Mortgage Make you Rich! follows four home buyers as they buy a home with a \$250,000 loan at an 8% interest rate. Each uses a different payment technique, which the spiral-bound manual describes and compares. George and Wilma pay \$660,390 on a 30-year loan. Claire and Simon pay \$545,619. Terry & Roan pay only \$541,903. Ruth read this manual first and saved enough to buy another house! What method did each use? People say you can pay a mortgage in half or even one-third the time. If so, how do you do that? Whats legal and what isnt?
