

## ENOCH AND EVIL

Evil exists. It comes in many forms. It plots. It plans. It is patient. It waits. It wants. During the course of the Enoch phenomenon I have come into contact with it many times, on many levels, some of them quite personal. Friedrich Nietzsche said famously that when you gaze long into the abyss the abyss gazes also into you. And one of the first things my friend B sensed about me, she said, was this: almost everyone in the so-called spiritual community shuns the kind of evil that I talk about on my radio show every day and have written about in my books. But you look directly into it. Look along with me.
