

The Ghost of Northumberland Strait

The last thing thirteen-year-old Charly expects to do is embark on an adventure when she, her mother and sister Nikki move to PEI to live with Grammie after her parents divorce. But the day Charly and her friends break into the abandoned, weather-greyled house on Northumberland Strait, she becomes fascinated by its history and the presence she feels in and around the premises. Charly returns to the OLeary house alone, compelled by the notion that someone inhabits that house still. As she enters the yard, the old building is suddenly transformed into the solid and stately house it was originally. And there inside, waiting to meet Charly, is a mysterious young woman. Who is she and why is it that only Charly can see her? Will the woman be able to face her fears as Charly attempts to face her own? In getting to know and trust one another, the two form a bond that spans lifetimes. In a satisfying conclusion, Charly learns to accept herself and her circumstances in discovering how revealing some mysteries can be.
